Beloved ones:

One of the great dispensations which the Lords of Karma have allowed as of this New Year is the parting of the veil to a point where the outer and intellectual consciousness of the prepared ones may be made, not only aware of, but conscious instruments for the manifestation of the Designs and Plans of the Brothers.

Although the inner bodies of the more advanced members of the race have heretofore been co-workers with the Hierarchy in Their Design for the furthering of mankind's greater good, the work of the Brotherhood has been hindered to a great extent by reason of the lack of co-ordination between the outer and inner memory and the higher and lower mind. Thus the plans of the Brotherhood could only reach into the affairs of men by the unwieldly medium of intuition and strong pressure on the feeling nature of the chela and the honest sincere member of the race who would do God's Will if he might know the Way. Many of you, dear ones, have made great strides in the matter of inner perception during the past year, and with the aforementioned dispensation, you will, in this manner, be able to add the full force of your outer bodies and the authority delegated to you as members of the human race, to promote the God-Design as presented this year.

Although the vast majority of the race will not be accorded this privilege, it is a good

beginning, and as the Cosmic Lords of Karma see the efficacy of conscious cooperation between the inner and outer, as manifested through you, will it be easier to have the dispensation widened in its scope to include greater numbers of sincere lifestreams who, if they could see more completely, would most certainly add the pressure and weight of their consciousness to the Cause. The practice of realizing the Presence is a mighty power in the parting of the veil.

If 'PRACTICING THE PRESENCE' were written on a scroll of pure linen, inscribed in gold, and precipitated directly from Saint Germain's heart and hand into the Group Activity of every blessed Focus that He has established and brought forth, mankind would love to receive such an immortal scroll with those words precipitated in a supernatural manner upon it, and they would, in their delight, suspend it like a talisman around their necks, wrap it around their bodies, hang it in a golden frame upon their walls because it breathed of phenomena and satisfied the sense of form which is the proof required by the human race in order to change the pattern and tenure of their nature. Yet it is through impression, inspiration, and sometimes insinuation, that the Divine Edicts of the Universal Cosmos must be imparted into the lives of the students to forward the work of the Hierarchy.

Today, beloved ones, as the New Year begins, I give to each one of you, in spirit, this scroll of priceless linen, knowing that in the year ahead you will be interested enough in the Way of the Presence to desire that the vibratory action of the Presence might actually impress the feeling nature, the thought formation, and draw

the outer self and the Presence into an intelligent and harmonious partnership.

In return, I humbly ask that each night you direct your soul (as you direct the car by the steering wheel) toward the Retreat of the month, before sleep, and it will pursue its course unerringly aided by the magnetic currents established for this purpose.

Hilarion's Retreat at Crete, then, is your Day Star until February 14th. My Gratitude and Love enfold you.

Blessings and Love,

MAHA CHOHAN

Beloved Children of My Heart:

From time to time individuals are of the opinion that there is no need for a Mediator or Bridge to connect the God-Self with the outer intellect. These people are honestly and firmly convinced that as the Presence is connected, through the Holy Christ Self or Higher Mental Body, with the heart of every lifestream, outside means of communication and spiritual guidance are unnecessary. To these people I address the following:

The purpose of a Mediator is to convey the TRUTH from the Heart of God to the outer minds of individuals who have lost their personal and direct contact with their own Divinity. When this purpose has been accomplished, no mediation or transmission of consciousness is necessary, but until this point is reached, the outer minds of men (unable to rise to the inspiration of their own Higher Selves) are benighted, and through the Mercy of God are given enlightenment by those who have attained a degree of evolution wherein they may climb the Mount of Attainment, assimilate the Truth and carry the knowledge of that Truth back to the pilgrims on the Path. The wise pilgrims will avail themselves of the Cup thus offered, and in so doing, their climb up the Mount of Attainment will be less arduous.

Every lifestream on the planet has had direct communication with the Presence from the time individuality first took place. Over every life-
